Ars Electronica Animation Festival 2024 on Tour

Thank you for your interest in presenting the Ars Electronica Animation Festival 2024 On Tour at your event. The films in this package can be shown at your **on-site** event. It is prohibited to present these films on any online platform.

General Information

- With you signing the Granting of Rights form you agree that you will delete all films after your screening and additionally you provide basic information about your event (event name, location, venue, dates, URL, etc) that allows us to keep track of the screenings. **Please make sure you fill it out and send it back to Ars Electronica.**
- The films are only available in the original language with English subtitles, or in English without subtitles
- We highly recommend coordinating a host or moderator to introduce the artists, their films as well as the context of the Ars Electronica Animation Festival on Tour.
- If interested, you can also invite the filmmakers and/or the curators to the event for a Q&A session. In that case a fee of minimum 300 EUR per speaker is recommended.

Step by Step

- Email us at daniela.duca@ars.electronica.art or export@ars.electronica.art using Animation Festival 2024 + your city in the subject line.
- Make sure you contact us at least 1 week before your event.
- We will send you the Granting of Rights form. As soon as we have it back with your signature you'll receive the film content as a download link. Please download the full folder, including press kit.
- Test the files beforehand and make sure everything works.
- **Promote the event on social media and link Ars Electronica**
- Enjoy!

Communication Guidelines

- In the press kit you will find helpful information for promoting the programme: logos, trailers, texts and images. Feel free to reach out if you need anything else.
- Send us a short recap of your event, including visitor numbers and some pictures. We are happy to link to your event on our webpage.

- Use the correct credits for the films, the artist and for Ars Electronica. Don't forget image credits as well when sharing them on your website or social media.
- **Link Ars Electronica and the artists in your social media posts. If we see your post we'll react through sharing, commenting, or liking your post.**
- Link the artists and give them visibility.
- Use the Ars Electronica logo and graphics in the press kit package as you see fit best.
#arselectronica #animationfilm

Extras:

- Some of the animations could also be activated within an exhibition context as physical, spatial and/or immersive installations.
- Ars Electronica does not undertake the curation for these adaptations, but could offer you advice and put you in contact with the artists if you are interested to show their work in another way than in a cinema-like context.
- You can find a few examples of such program extensions in the press kit package or on our website. Please contact us for more information.
